Sherry FitzGerald Lettings also encompasses a full Property Management Department, with a team of twelve employees, and an Accounts Department with four employees including a fully qualified accountant all very experienced in the Irish property market.

We are therefore well placed to provide a full and hassle-free service to maximise rental potential of your underlying assets and provide a comprehensive letting and management service throughout all tenancies.

We strive to provide the highest customer service standards in the industry and are constantly monitoring and reviewing our service. We carry out a Customer Satisfaction Survey every six months, with both our landlords and tenants, to ensure our standards remain high.

We pride ourselves on our knowledge of all aspects of the lettings market, which has developed over a 20-year period.
